

The Irish Rovers, Gaelic Storm, Enter the Haggis & More Are Coming To WNY

The Niagara Celtic Heritage Society Inc. is teaming up with The Historic Riviera Theatre to host a series of Celtic concerts over the next few months. These events will feature favorite local and international acts and will also include participation from various local Celtic groups and clubs.

Launching the series on February 28th is returning favorite, **Gaelic Storm**. No strangers to the Riviera's stage, they are sure to host an energizing evening. Sunday, March 4th sees **The Irish Rovers** returning to Western New York to charm one and all with the songs we've all grown up with.

The National Dance Company of Ireland will be on stage March 8th for two performances. Their current show, "Rhythm of the Dance," is a fabulous look at 2,000 years of Irish history told in song and step dance. This is the only stage performance in the concert series, and is truly a once-in-a-lifetime experience.

Local favorite **McCarthyism** is sharing an evening with the wonderful Irish-born sisters who make up **The Screaming Orphans**. Their June 9th concert is going to be jam-packed with both original and classic Celtic songs and rock. Closing the series off with a bang on July 7th is Toronto-based **Enter the Haggis**, who are currently on tour with their latest album, *Whitelake*.

More performers will be announced soon, along with details for each event. All shows are being held at The Riviera Theatre in North Tonawanda, 67 Webster St. North Tonawanda

(716-692-2413). Tickets are on sale for the first three shows, with the rest available shortly.
